West Bank, September 22, 2007

Ehud Barak, the certified Zionist war criminal, is threatening to turn Gaza Strip into a full-fledged concentration camp.

Last week, the Israeli war minister who is believed to be responsible for the murder of hundreds of Palestinian children during the first few months of the Aqsa Intifada in 2000 and 2001, disclosed a new policy toward the Gaza Strip resembling very much the manner in which the Nazi authorities treated Jews in the course of World War II.

Barak said he would make sure that very little food and medicine will be allowed to reach Gaza. He also said that Israel would cut off electricity supplies to the hermetically blockaded costal enclave which already looks very much like a concentration camp.

For those who don't know, Barak has a long history of criminality and

murderousness toward the Palestinians. In 1998, when he wanted to impress the Israeli public to elect him as Prime Minister, he had to remind them of the most graphic details of one of his murderous missions in Beirut.

The ghoulish tactic worked, and the Israeli Jewish public gave him a certificate of good conduct.

:: ONU - XX Assemblea Generale (1965): La XX Assemblea Generale dell'ONU (1965) dichiara "la legittimità della lotta da parte dei popoli sotto oppressione coloniale, per esercitare il loro diritto all'autodeterminazione e all'indipendenza". Inoltre, l'Assemblea invita "tutti gli Stati a fornire assistenza morale e materiale ai movimenti di liberazione nazionale nei territori coloniali".

Now Barak is planning to become Prime Minister once again, and his way to expedite and accelerate his plans in this regard is by murdering Palestinian children nearly on a daily basis.

On Thursday, 20 December, the Israeli occupation army murdered three additional Palestinian minors in the Gaza Strip. One of the boys was crushed to death by an American-supplied bulldozer. Graphic pictures of the badly-mutilated boy were shown all over the world, while Israeli boys and girls on talkback forums were busy congratulating themselves "on teaching Palestinians a lesson.!"

More than 20 Palestinian civilians, including 9 children have been murdered by the Israeli occupation army so far this month.

The Israeli army acknowledges rather reluctantly that civilians are killed when tanks fire their heavy artillery shells onto crowded Palestinian neighborhoods.

And every time Palestinian civilians are murdered, which happens routinely, the Israeli government says "sorry," claiming that the victims are not targeted deliberately and the victims are merely "collateral damage."

:: ONU - Risoluzione 1514 "L'Assemblea Generale dichiara che: la soggezione dei popoli a dominio straniero, conquista e asservimento costituisce una negazione dei diritti umani fondamentali, è contraria alla Carta delle Nazioni Unite ed è un impedimento alla promozione della pace e della cooperazione mondiali. Tutti i popoli hanno diritto all'autodeterminazione; in virtù di tale diritto essi devono liberamente determinare il loro status politico e liberamente perseguire il loro sviluppo economico, sociale e culturale".

Well, one doesn't have to be a great military expert to understand that when tanks fire their heavy shells onto crowded civilian neighborhoods, children and civilians will be killed and maimed.

In the final analysis, killing knowingly is killing deliberately, and when the killing happens on a daily basis and the number of civilian victims is in the hundreds or thousands, intent becomes irrelevant.

It is widely understood that one of the main reasons for the persistent and unmitigated pornographic killings of helpless and unprotected Palestinians is the disgraceful silence of the international community, especially the United States, toward Israeli criminality.

This is not a new behavior. The US always looked the other way whenever Israel indulged in murdering civilians, even when there is no question as to the deliberate targeting of civilians, as was the case during Israel's genocidal campaign against Lebanon in 2006, as testified by Human Rights Watch and other human rights organizations.

Of course, a country that killed or caused the death of hundreds of thousands of Iraqi civilians under the false rubric of ridding Iraq of its non-existent weapons of mass destruction can't be expected to behave morally.

After all, the last thing racist and Godless Ashkenazi Jews who hold the Bush administration by the throat, is matters of justice and morality.

But the world is not only America and Israel. There are millions of other peoples around the world who don't accept America's Nazi-like approach toward international politics, which is based on unilateralism, hegemony and coercion.

Today, the creeping Jewish genocide in Palestine takes many forms. These include starving millions of innocent Palestinians, barring Palestinians from accessing food and work, mainly by transforming their

:: Tribunale penale internazionale
In base allo Statuto del Tribunale penale internazionale, sono definiti "crimini di guerra":
(1) attacchi lanciati intenzionalmente contro popolazione civili in quanto tali o contro civili che non prendano direttamente parte alle ostilità;
(4) attacchi lanciati intenzionalmente nella consapevolezza che gli stessi avranno come conseguenza la perdita di vite umane tra la popolazione civile, e lesioni a civili o danni a proprietà civili ovvero danni diffusi duraturi e gravi all'ambiente naturale che siano manifestamente eccessivi rispetto all'insieme dei concreti e diretti i vantaggi militari previsti.

population centers into detention camps and constantly killing Palestinians, including children.

True, the scope of the daily killings has not reached the Auschwitz levels. But the fact that it hasn't is not attributed to Zionist morality or magnanimity but rather to concerns about possible reactions by the international public opinions.

This means that Israel, a country that has much in common with Nazi Germany, wouldn't hesitate to adopt a more daring approach toward the Palestinians if the world's callous indifference toward the Palestinian plight continued.

In short, the world has to make its stand clear. Is it willing to allow Israel to commit a holocaust by killing and/or causing the death of tens of thousands of Palestinians?

Does the world believe that a holocaust against the Palestinians will be kosher just because Jews, not Germans, happen to be the perpetrators?

In the early 1940s, the world, or much of it, stood silent as the Gestapo, SS and the Wehrmacht were exterminating innocent people, Jews and non-Jews in order to fulfil the nefarious concept of "the Master race."

Now, the world is passively watching Israel's creeping genocide against the Palestinians, all in the name of Jewish nationalism and "the chosen people."

Has humanity reverted to the age of cannibalism?

:: Special reports on the trial of President Saddam Hussein by Dr. Curtis F.J. Doebbler

I think we can do without the trashy references to alleged Nazi crimes. The truth is that none of these so-called Nazi crimes have ever been verified and most are nothing more than enemy propaganda. Israeli crimes, on the other hand, are occurring in the present and have been extensively documented.

It's time people stopped trying to make the Israelis look bad by comparing them to the Nazis. The Israelis' crimes are real, those of the Nazis very largely imagined.

Israelis kill Palestinians daily with impunity and immunity from legal consequences.

Because of the stranglehold of Zionist ideologues in USA this info is eliminated from our media. However if you read any Israeli newspapers, these facts are printed matter of fact, with the stale reasons of "security", "accidental" or revenge & retaliation for the nuisance missiles launched at Sderat.

The brutal inhumanity of Israel, Zionists and their supporters has convinced me that the state of Israel must be abolished. Israel has demonstrated time after time that it has no intention of living in peace with their neighbors; their only concern is domination.

A place such as Devil's Island should be found to incarcerate all rabid Zionists, neocon warmongers and war profiteers.

Let us begin to punish the masters of destruction and reward the innovators of justice, without which no lasting peace is possible.

The Israelis have had 60 years to demonstrate their love for the Holy Land - instead they have poisoned the land with racism, uprooted citrus and olive groves and created fear & loathing throughout the middle east. This experiment has failed.

No prosperity for Israel at the expense of the Palestinians. The Zionist policies do echo Herr Hitler's policies and he got many of his genocidal ideas from what AmericaUSA did to their indigenous peoples.

In response to the comment by flipzeppelin: I agree, wholeheartedly, that if the facts truly are as represented regarding the IDF excesses, appropriate parties must be held accountable. I tend to believe that there are in fact very questionable policies and practices present.

However, with reference to your statement that the Nazi atrocities against many, not merely Jews, are open to re-evaluation, and are more probably than not questionable seems a bit "delusional". If I'm not mistaken evidence evinced at the Nuremberg trial, and elsewhere, would seem to have decided that issue in favor of the credibility of finding the existence of horrendous crimes against humanity. Why do you have difficulty accepting this?
