

# Olmert's 911 Mafia

By Barry Chamish

When Ehud Olmert returns from his mysterious trip to China, he will be indicted. The question is, will this be the New World Order trial of the century?

"The State Attorney's Office has decided to open a full-fledged criminal investigation against Prime Minister Ehud Olmert regarding his alleged intervention in the government tender for the sale of the controlling interest in Bank Leumi, Channel 10 reported Tuesday evening. According to the allegations, Olmert intervened in the tender for the privatization of Bank Leumi on behalf of two personal friends with whom he also had business connections, American businessman Daniel Abraham and Australian businessman Frank Lowy."

Last September I spoke at the Alternative 9-11 Conference in New York. The evening it ended I had dinner with two Right Wing leaders, Helen and Charlie of the Americans For A Safe Israel. I told them that the "peacemakers" destroying Israel, may have played a role in the 9-11 disaster. I used the example of Menachem Atzmon, who in the 1980s was co-Treasurer of the Likud with Ehud Olmert. Below is Atzmon's bio written by a vicious Jew-hater Chris Bollyn:

"Menachem Atzmon, convicted in Israel, went on to become the founder and head of International Consultants on Targeted Security (ICTS), the parent company of Huntleigh USA, the airport security firm that ran passenger screening operations at the airports of Boston and Newark on 9/11.

Huntleigh USA is a wholly owned subsidiary of an Israeli company called International Consultants on Targeted Security (ICTS) International N.V., a Netherlands-based aviation and transportation security firm headed by "former [Israeli] military commanding officers and veterans of government intelligence and security agencies."

Menachem Atzmon, convicted in Israel in 1996 for campaign finance fraud, and his business partner Ezra Harel, took over management of security at the Boston and Newark airports when their company ICTS bought Huntleigh USA in 1999. UAL Flight 175 and AA 11, which allegedly struck the twin towers, both originated in Boston, while UAL 93, which purportedly crashed in Pennsylvania, departed from the Newark airport."

Charlie remarked, "One coincidence is no case." Well, now we have two:

On September 12, 2001, The Jerusalem Post reported: "Frank Lowy, who emigrated to Australia from Israel in 1952, owns the 99-year lease for the 425,000 square foot retail portion of the destroyed World Trade Center Westfield said today that it has insurance cover against terrorist attacks and its earnings will not be materially affected."

W/e now ask, how could Olmert have such close ties to TWO characters all wrapped up at the highest levels of the 9-11 crime?

As I told the crowd at the conference, Olmert was a crook exploited by the top of the Israeli mafia, Shimon Peres. And now Olmert's second co-defendant, Daniel Abraham. He is the CFR thug and close Peres ally who also was the business manager of Utah Congressman Wayne Owens. Abraham lent Owens his plane to fly to Tel Aviv on Dec. 18, 2002. He was murdered shortly after landing. For full details, order Shabtai Tzvi, Labor Zionism And The Holocaust from lulu.com Just type my name in search. Also within is Abraham's latest dirty deed, paying for the Foreign Affairs program of Yeshiva University and turning the next generation of orthodox rabbis into advocates of the Council On Foreign Relations.

These are the happiest days for Shimon Peres. The Deputy Prime Minister runs Olmert and the country. And he is having the time of his life, finally bringing Israel to its knees:

"Meanwhile, Shimon Peres continues to reach out to Israel's deadliest enemies. In a speech in Spain last night, the Vice Prime Minister said he believes Hamas is an "important factor" in the Middle East peace process, and that the organization should play a role in it. Israel's official position is to conduct no negotiations with Hamas as long as it continues not to recognize Israel's right to exist and calls for its destruction."
