IS SHIMON PERES THE TERRORIST MASTERMIND BEHIND 9-11?

"AMERICA THE TARGET: 9-11 AND ISRAEL'S USE OF TERRORISM TO COERCE THE WEST"

The second chapter of my book Solving 9-11, entitled "AMERICA THE TARGET: 9-11 and Israel's Use of Terrorism to Coerce the West," is now available. As the title indicates, this comprehensive research article of about 9,400 words examines some of the largest Israeli terror attacks against the United States – prior to 9-11.

Note: The first chapter, "The Planes of 9-11" is online at:

People laboring under the Hollywood view of Israel and the Middle East will already be shaking their heads in confusion. "Israeli terror attacks against the United States?" they read a second time with a puzzled look on their faces.

Shimon Peres – a terrorist? Come on, Peres won the Nobel Peace Prize, they might think. What is this guy going on about?

Because the number of people laboring under the "Hollywood view of Israel" includes just about everybody in the United States, this second chapter about the very real record of Israeli terrorism against the United States – and the people behind it - is essential reading.

Shimon Peres is one of the terrorists, but a very highly placed one. He is the president of the State of Israel, after all.

Israeli Prime Minister Ariel Sharon and his deputy and foreign minister Shimon Peres

Both well-known and brutal terrorists have very long histories of terrorism. Sharon and Peres, coddled and enabled by the West for decades, headed the Israeli government in 2001-2002, when Israeli intelligence agents were at work preparing 9-11. What do you think these men know about 9-11? What is Peres thinking about Sharon?

POSITIVE FEEDBACK

I have already received some positive feedback from the first readers of the second chapter:

"This is really good work and that's an understatement - please keep it going. With many thanks - this is the only real investigation there is ever going to be." -- a reader in Arizona

"I have done a first read of the new chapter of your book (great that you plan on a book!) -- very interesting, but also quite complex. One of the most amazing aspects of this evil is the fact that there are (and ever have been) many who actually know about it (having in some way become a part of it), and yet most keep silent... In addition to inciting ignorant hatred toward Arabs (and foolish favor for Israel), the terror of 9-11 is also being used to erode and corrupt the freedom of ordinary people (America and Europe) -- this aspect is even more tragic....Again, great work, and thank you very much!"
-- a reader in Switzerland

"America the Target" is a copyrighted article that will be the second chapter of my book, Solving 9-11. I am sending it as a PDF document to donors and supporters.

This article examines the Israeli use of terrorism to coerce the West, beginning with the bombing of the King David Hotel in 1946 and the bombing of U.S. and British government buildings in the "Lavon Affair" of 1954. The Israeli attack on the USS Liberty and the bombing of the U.S. and French marine barracks in Beirut in 1983 are also discussed as events in Israel's real history of terrorism.

The key people involved in these attacks, and their connections to the false flag terror attacks of 9-11 are the subjects of this chapter. Shimon Peres, Isser Harel, and Mordechai Hod are among the high-level Israelis who were involved in previous terror attacks on U.S. targets, who are connected to 9-11 in ways that have not been discussed before.

This chapter focuses on a fundamental question about 9-11, which will certainly never be addressed by the controlled media in the United States:

Taking the evidence of Israeli prior knowledge into consideration with the Israeli military's capability to launch such a sophisticated false-flag terror attack, the obvious question has to be asked: Would Israeli military agencies commit such an atrocious act of terrorism in the United States in order to achieve a strategic goal?

The question is whether Israeli strategic planners would conduct a false-flag terror attack against the United States, their most powerful ally, in order to fix the blame on the Arabs, their enemies. This question raises several more specific questions:

1. Has the Israeli military conducted false-flag terror attacks against the United States in the past?
2. If so, are there links between the people or agencies involved in the previous terror attacks and 9-11?
3. Is there a strategic goal for which Zionist planners would conduct such an extremely dangerous and sophisticated terrorist operation?
4. If so, has that strategic goal been realized as a result of 9-11?

The answer to all four questions is yes.

Here are a few excerpts about Shimon Peres taken from the article:

SHIMON PERES: TERRORIST-IN-CHIEF

Shimon Peres, a most unsuitable recipient of the 1994 Nobel Peace Prize, has a long history of terrorism, which is evidently not well known in the West. Peres, the 84-year-old president of the State of Israel, has a documented record of involvement in terrorist crimes over a period of more than 5 decades.

"THE WESTERN POWERS ARE THE ENEMY - TERRORIZE THEM"

In January 1955, Israel's prime minister Moshe Sharett wrote about defense minister Pinhas Lavon (a comrade of Shimon Peres and Moshe Dayan under David Ben Gurion) to Aharon Barkatt, secretary general of the Mapai party:

He [Lavon] inspired and cultivated the negative adventuristic trend in the army and preached the

doctrine that not the Arab countries but the Western Powers are the enemy, and the only way to deter them from their plots is through direct actions that will terrorize them.

About Shimon Peres, whom Sharett considered to be one of the key planners of the terror bombing campaign of U.S. institutions in Egypt, he wrote this note in 1955:

**Peres shares the same ideology [as Lavon]:
he wants to frighten the West into supporting Israel's aims.**

Shimon Peres and Ariel Sharon are old comrades, here they are in January 1975

Two years later, in 1957, Sharett wrote even more critically about Peres:

I have stated that I totally and utterly reject Peres and consider his rise to prominence a malignant, immoral disgrace. I will rend my clothes in mourning for the State if I see him become a minister in the Israeli government.

Peres is a survivor of the struggle among Zionists between the militant hard-liners, who promoted the use of violence and terrorism, versus the softer "moderates," [like Sharett] who opposed terrorism and advocated the use of diplomacy.

Shimon Peres is a hard-liner. Born Szymon Persky in Wiszniew, Poland, on August 2, 1923, Peres is the first cousin of Lauren Bacall, the Brooklyn-born Betty Joan Persky....

Peres, godfather and chief architect of Israel's high tech military and unlawful nuclear arsenal, is a person who has always supported the use of terror to coerce the West to support Israel's strategic goals. He has been involved, at the highest level, in numerous covert false-flag terrorist operations, such as the Lavon Affair, which was even kept secret from the Israeli prime minister at the time.

Did Peres use his senior position in a government of like-minded war mongering terrorists to launch the false-flag terror attacks of 9-11 in order to coerce the United States and the West into the Zionist planned "War on Terror?"

Shimon Peres has the credentials of a Zionist arch-terrorist. Furthermore, he has the record, the worldview, and the capability to be an architectural level planner of 9-11. Is Peres one of the masterminds behind the terrorist crime of the century? Were Isser Harel and Mordechai Hod also involved in the planning of 9-11?
