OBAMA'S NATIONAL SECURITY WARLORD, General James Jones, has designs on energy sources abroad.

Jones, who as NATO supreme commander in 2006, advocated (<http://www.historycommons.org/context.jsp?item=a092106jones#a092106jones>) broadening the Afghan war across Pakistan's border, was recently the Director (<http://www.chevron.com/news/press/release/?id=2008-03-26>) of *Chevron Oil* and head (http://www.energyxxi.org/pages/Message_from_the_President.aspx) of the powerful energy lobby group, the *Institute For 21st Century Energy*.

Jones says that America must seek new energy sources to ensure its "security:"

"Energy is the foundation of our nation's security. As worldwide demand for energy has grown, competition for energy resources has intensified. Thus, America's energy future has become less certain. These circumstances represent challenges to America's national security." View Entire Story (http://www.energyxxi.org/pages/Message_from_the_President.aspx) Here (http://www.energyxxi.org/pages/Message_from_the_President.aspx) .

And that "energy challenge" for both America and its partner, the rogue state of Israel, is to send soldiers to target "energy areas" for the sake of "security."

As regards Obama's plan to escalate the war in Afghanistan, many argue that possession of oil is the motivation (<http://www.thedebate.org/thedebate/afghanistan.asp>) behind Obama's mission to "catch" (<http://campaignspot.nationalreview.com/post/?q=OGMxY2IxNzNhYzZwMmM5NTY5YjgxoGRkM2I1MTU0ODc=>) Osama Bin

Laden.

ISRAEL'S QUEST FOR OIL

"WHERE DOES ISRAEL GET ITS OIL?" is asked by many global energy observers. According to Israel's *Fuel Authority*, Israel imports (<http://forecasthighs.com/2007/09/27/israel-launches-new-push-to-reduce-its-oil-dependency/>) a small percentage of oil from Egypt, West Africa, Ukraine, Georgia, and Mexico. At the same time, 90% of Israel's oil imports comes from (<http://forecasthighs.com/2007/09/27/israel-launches-new-push-to-reduce-its-oil-dependency/>) Russia and the Caspian region below Afghanistan.

Omer Selah, of Israel's *Fuel Authority*, fears the geopolitical ramifications of a coming "energy threat," evincing Israel's part in the Iraq War and its future Zionist agenda:

"A huge percentage of the world's oil reserves, and this shows you where oil dependency is going to come from in the future, is found in the possession of powers not friendly to Israel or the West. Therefore it is difficult to trust them.

Iran's growing influence is becoming more pronounced within all of this. Oil is financing Iran's actions everywhere, including Hezbollah's activities. Iran itself has about 10 percent of the world's oil reserves. Iran may also have influence on oil found in other areas in the future, such as in southern Iraq.

Iraq *also* has roughly 10% of the world's oil reserves - and it's not certain at this stage which direction Iraq will take: toward a democracy with diplomatic ties with Israel, or in the direction of extremism." View Entire Story (<http://www.jpost.com/servlet/Satellite?pagename=JPost%2FJPArticle%2FShowFull&cid=1162378316813>) Here (<http://www.jpost.com/servlet/Satellite?pagename=JPost%2FJPArticle%2FShowFull&cid=1162378316813>) .

Israel and its colony abroad, the United States, view Iran & Iraq as targets in their quest for energy sources. The axiom once prevalent in political circles: "Iraq Is A War For Israel" has now changed to: "Iraq Is A War For Israel *And* Oil." Already, the US has asked Israel to check the possibility of pumping oil from Iraq (<http://www.haaretz.com/hasen/pages/ShArt.jhtml?itemNo=332835&contrassID=>) to Israel's oil refineries in Haifa.

Should the US end up controlling Iraq, *permanent* military bases would then be established. Iraq, as America's vassal state, would control the 2nd largest oil reserves in the world, and Israel would be a partner in this endeavor.

FUELING THE DRAGON

"CHINA IS THE FASTEST GROWING WORLD ECONOMY," reports (<http://www.eia.doe.gov/oiaf/ieo/world.html>) the *Energy Information Administration of America*. Over the past decades, China has increased its energy consumption significantly in its share of total world energy.

In 1980, China accounted for less than 8 percent of the world's total energy consumption. In 2005, its share had grown to 14 percent. By 2030, China's share will increase (<http://www.eia.doe.gov/oiaf/ieo/world.html>) to 30%. China is currently the second largest (<http://www.iags.org/china.htm>) oil consumer, right behind the US, as it continues its industrial expansion as America's manufacturer of once "Made In America" goods.

Fearing China as a threat in competing for expanded energy sources, the Zionist West is making plans to undermine China's power. Political analyst, Webster Tarpley of **Rense.com** (<http://www.rense.com/>) , points out in his treatise, Power Shift (<http://www.rense.com/general82/uspol.htm>) ,

that the new elite in control of Obama's defense policies, led by Robert Gates and Zbigniew Brzezinski, are strategizing to weaken China's influence both in Pakistan and in oil rich Iran. "China," says Tarpley and other geopolitical experts, "is the number one oil importer (<http://www.iags.org/china.htm>) from Iran and is interested in a militarily strong Iran that dominates the Persian Gulf."

China and Iran are bound by energy (<http://www.payvand.com/news/06/jun/1167.html>) and weapon (<http://www.atimes.com/atimes/China/HF14Ad01.html>) deals such as Chinese supplied anti-ship cruise missiles which pose a threat to American naval vessels operating in the Persian Gulf. While the Zionist West has been forging a diplomatic strategy to halt Iran's nuclear program, China signed (http://www.chinadaily.com.cn/english/doc/2004-10/31/content_387140.htm) its largest energy deal (http://www.chinadaily.com.cn/english/doc/2004-10/31/content_387140.htm) with Iran in October of 2004 and promised to block (<http://www.msnbc.msn.com/id/26859796/>) any American & Israeli attempts to stop Iran's nuclear program.

A key component of China's strategy to guarantee access to Persian Gulf oil is the energy co-operation (<http://www.saudi-us-relations.org/articles/2007/loi/070401-china-deal.html>) efforts it has cultivated with Saudi Arabia. In 2007, Saudi King Abdullah traveled to China for his first foreign visit after assuming the throne. The trip was characterized as a "watershed" signaling (<http://www.saudi-us-relations.org/articles/2007/loi/070401-china-deal.html>) that Saudi Arabia's future involved "being much closer to Asia."

Continued deterioration (<http://www.iags.org/china.htm>) in Saudi-American relations, now intensified (<http://rense.com/general84/tnr.htm>) by Israel's barbaric Gaza invasion, could drive the Saudis to end their reliance on the US as the sole guarantor of their security and offer China an expanded role.

GAZA & ISRAEL'S OIL AGENDA

A LITTLE KNOWN ISRAELI OIL PIPELINE running from Ashkelon directly above the Gaza Strip to the southern tip of Israel in Eilat, is the key component (<http://www.energytribune.com/articles.cfm?aid=1242>) of Israel's recent invasion of Gaza.

The pipeline, which has a capacity of 400,000 barrels a day, is known both as the Eilat-Ashkelon Pipeline (<http://www.eapc.co.il/about.html>) and the Trans-Israel Pipeline (<http://www.economicexpert.com/a/Trans:Israel:pipeline.htm>) (TIP). Israel hopes that TIP will rival the Suez Canal as an oil shipment route between Caspian producers and Asian markets.

Much of the transiting oil (<http://www.haaretz.com/hasen/pages/ShArt.jhtml?itemNo=945484&contrassID=2&subContrassID=2>) that Israel seeks would be shipped through Georgia and then from Black Sea ports to Ashkelon, pumped to Eilat and reloaded onto tankers to be shipped eastward to markets in Asia.

But Israel's TIP pipeline, which operates sporadically, fears possession by the Palestinians, who as *former* Ashkelon residents, (now imprisoned in Gaza), could take over the pipeline in a "right of return" (http://www.dailytimes.com.pk/default.asp?page=2009%5C01%5C29%5Cstory_29-1-2009_pg4_8) scenario. By dismantling the Gazan government infrastructure, Israel hopes to solve the threat by a campaign of ethnic cleansing (<http://www.realjewnews.com/?p=369>) of the Palestinians. [View Entire Story](http://www.energytribune.com/articles.cfm?aid=1242) (<http://www.energytribune.com/articles.cfm?aid=1242>) & [Here](http://www.haaretz.com/hasen/pages/ShArt.jhtml?itemNo=945484&contrassID=2&subContrassID=2) (<http://www.haaretz.com/hasen/pages/ShArt.jhtml?itemNo=945484&contrassID=2&subContrassID=2>) .

On January 30, 2009, Obama's Middle East envoy, George Mitchell, completed his Middle East negotiations in a meeting (<http://www.haaretz.com/hasen/spages/1060275.html>) with Likud leader, Benjamin Netanyahu. Avoiding the issue of the Gaza invasion, (and *stalling* future talks), Netanyahu insisted that "talks can only continue when Iran's influence in Palestinian affairs is countered."

Evidently, Mitchell is no match for the fox, Netanyahu. And even more obvious, is the power of the Jews to dictate to America, (and American Zionist-puppet-presidents like Obama), its own terms and its own *wicked* Zionist agenda.

Hi Everybody -

All is well and I have been out on the street doing Street Evangelism. I recently went to the Aspen X Games, which is 3 hours away from where I live in the Ski Resort Area of Colorado.

The X Games are bombarded with "wall to wall teenagers." I had a chance to be with hundreds of them and had many good encounters in presenting the Gospel of our Lord and Saviour, Jesus Christ.

Do keep me in your prayers as it looks like the Street Evangelism is moving in a very positive

and expanded direction.

—

On another note, I wish to thank the few who have donated to Real Jew News, especially the “faithful few” who donate regularly. As I previously mentioned, Real Jew News was forced to go to a dedicated server because of close to 1 million page visits per month.

Please then consider making a donation to keep OUR site, Real Jew News, up and running. There is a Donation Feature at the top of this and every article.

Or, donations may be sent, (cash, check, Western Union, British Pounds, Western Union, Euros), to:

Brother Nathanael Kapner; PO Box 1242; Frisco CO; 80443/

Many thanks in advance.

I love you all, appreciate you all, pray for you all by name, and am convinced that we are forming a strong, viable, and very effective, “Real Jew News Family.”

Blessings To All In Christ Our Precious Saviour!

“Gentiles Dying for Jews” — that’s absolutely nothing new.

Look at every global conflict the USA has been involved in since WW2 and you will see Americans dying for jews in one form or another.

We are slaves to international jewry and do their bidding.

Sounds to me like after he completed his introductory tour of the minor players, Georgie Boy checked into Tel Aviv to get his marching orders from the Likkud Superhawk.

Actually, you have to like George. A few years back he was invited by the commissioner of Major League Baseball to head up the investigation of steroid abuse in the League. The Roid Heads and Ragers were giving the American Game a Bad Name with the fans.

George had a mandate from the League “to restore trust in baseball”. And as chief investigator, George went to bat for the “real victims” of the steroid scam - the honest players who were drug free.

It would be good if George could again restore trust in American Game, but if he tries that “real victim” stuff over in IsraHell, Bibi will cut it and bag it and send it back to Washington by Fed Ex.

So, I gather George sat for his instructions, said “Yes Sir” and will be back on his shuttle with the IsraHell dicta for “countering Iran”. It will make the Roid Heads and Ragers in the Majors look like a chimp out.

There could be no better investment in America than to invest in America becoming energy independent!

We need to utilize everything in our power to reduce our dependence on foreign oil including using our own natural resources.

Create cheap clean energy, new badly needed green jobs, and reduce our dependence on foreign oil. OPEC will continue to cut production until they achieve their desired 80-100. per barrel.

The high cost of fuel this past year seriously damaged our economy and society. Oil is finite. We are using oil globally at the rate of 2X faster than new oil is being discovered. We need to take some of these billions in bail out bucks and bail ourselves out of our dependence on foreign oil.

If all gasoline cars, trucks, and SUV's instead had plug-in electric drive trains, the amount of electricity needed to replace gasoline is about equal to the estimated wind energy potential of the state of North Dakota. Jeff Wilson has a really good new book out called

The Manhattan Project of 2009 Energy Independence Now. He explores our uses of oil besides gasoline, our depletion, our reserves and stores as well as viable options to replace oil. Oil is finite, it will run out in the not too distant future.

WE need to take some of these billions in bail out bucks and bail America out of it's dependence on foreign oil.

The historic high price of gas this past year did serious damage to our economy and society.

WE should never allow others to have that much power over our economy again.

I wish every member of congress would read this book too.

Brother Nathanael -

I sent £20 in a blue envelope in a Christmas card with JAMES written in blue pen ink.

I posted it on Sunday but delivery doesn't pick it up until late afternoon 5.45 PM on Monday so let me know when you receive it.

11738 S. Immak February 3, 2009 @ 9:02 am

Brother Nathanael,

This was a well-written piece.

The one banana that gets thrown into the cog is green energy, and America's move to green energy and move away from oil.

This could throw the US's entire Middle East foreign policy in disarray.

The US foreign policy in the Middle East has focused on oil and Israel. If oil no longer matters, will Israel be as important.

11738 Michael K. February 3, 2009 @ 9:09 am

Dear Brother Nathanael,

The above is a very well researched piece on the energy politics involved in the assault on Gaza. In fact, I don't see anyone else putting the pieces of evidence together in as insightful a fashion as you.

Your level of work is professional, yet unless you self-publish as you do, this valuable journalism would never reach an audience.

George Mitchell is from Maine, and I have met him on occasion. What a disappointment to see him fail to address the humanitarian concerns all compassionate beings must be feeling for the innocent children in Gaza.

I have had a difficult time explaining to a friend who likes to listen to Michael Savage, that its just plain wrong to attack schools and hospitals. What has hardened his heart is the repeated hammering on Hamas's role, putting all the blame for Israel's actions on these rogues. He says, "Hamas is firing rockets from them [schools, etc.] They have to stop Hamas from firing rockets at Israel."

Well, I try to put it in perspective that from a position inside a school inside the Gaza strip, there is no chance of hitting any target within Israel, because Quassam rockets are basically glorified RPGs.

Therefore, the compassionate move would be to spare the children. In fact, the thing that really vexed my friend was when I said that when a soldier fires from within a school at a circling helicopter gunship, that it looks like he is defending the children, and when the Israelis bomb the school anyway it seems to confirm that impression.

The 4 biggest Oil-Companies of the US signed Contracts with Irak was shown on German TV Months ago.

So the Oil wil go to the USA. On Wayne Madsen Report was a good Article about Zionism. Isreal settles their formerly jewish Kurds back to Iraks Kurdish Part and other Parts.

They are buying very large Part of Lands and sometimes saying it was all jewish before.

The same Tactic as in Palastina. The Irakis are getting upset about it. Beg you pardon for my poor English , but I am German.

I am very glad that Brother Nathanael knows and spread the News who paid the Nazis. When I first read in a Book I was shocked , that jewish Banksters did it. These so called jewish Elitelists are dangerous for all of us. We got the Reunification with DDR or Eastgermany after we signed that we will pay more to jewish Claim and other jewish Organisations. Keep the German jewish Newspaper still with me. It was soo shocking. They pressed the US Governement to do so. Its really disgusting.

Maybe you find the Article as well in english written jewish Newspapers in the Internet.

All the best for your work dear Br. Nathanael and greetings to the Readers from overseas Christian Germany

Yes, the policy seems like blood for oil, pretty sick, isn't it?

With all the experts in the U.S. the drive, as others have said, is to invest in alternative fuels, green, etc.

We have to stop the United States of Israel...

I'm reading more and more from American Generals, Congressmen, those involved in Defense, FBI, Federal Prosecutors, retired Airforce/Marines, those in all aspects of Military Affairs - Navy

and Majors in Intelligence and national Security, Justice and even thoughts people who we're on the 911 commission.

They all say that 911 was the direct cause of the fake wars on terrorism, and that the missing trillions [right before September 11th, 2001], probably went for bribing Muslim leaders and mercenary tac, and that people like Cheney and other followers connected to the cult-like plan of the "New World Order", are about to see the nightmare come true as they sneer and watch America be handed over to the Euro bankers and absorbed into the part of the details that the devil is so much a part of in their time of living.

Dear Michael K,

I think you really do know the answer to your own question of Why Gaza Children Were Not Spared? Jews have never regarded non-Jewish life the same as their own. You know, Jews have demanded that Catholics rewrite the Latin Mass and liturgy so as not to pray for the Jews—Christians should demand of Rabbis, Temples and Judaic scholars that the Talmud and Torah be rewritten to reflect the equality of all human beings...

"Gentile souls are of a completely different and inferior order. They are totally evil, with no redeeming qualities whatsoever." ...If every simple cell in a Jewish body entails divinity, is a part of God, then every strand of DNA is a part of God. Therefore, something is special about Jewish DNA. ...

If a Jew needs a liver, can you take the liver of an innocent non-Jew passing by to save him? The Torah would probably permit that. Jewish life has an infinite value," he explained. "There is something infinitely more holy and unique about Jewish life than non-Jewish life.

– Chabad Lubavitch Rabbi Yitzhak Ginsburgh in Jewish Week, the largest Jewish publication in the United States.

AND

As Brother Nathaniel quotes, "We are protecting our right to exist!" insist the Jews in defense of their attacks on Gaza civilians. "We must wipe out the scourge of terrorism!" proclaim the Jews as their heroic mission in justifying the slaughter of Palestinian children. But in reality, it is the gain of "advantage" that the Jews are after when appealing to the Gentiles' sense of right and wrong. And that "advantage" is to seize every inch of land owned by the Palestinians.

50601.Michael K. February 4, 2009 @ 9:11 am

Dear Brother Nathanael,

I have been reflecting upon the apparent division of America into pro-, and anti- Zionist camps. While I have no way of knowing the minds of millions, there seems to be an historical theme here.

It seems to me that as far back as the colonial times, there were people that ethically opposed the tyranny of The British Crown, and those who wholeheartedly supported it and whose livelihoods were dependent upon it.

Later, there were people who were morally opposed to Indian frontier genocide, like Quakers, and those who enthusiastically fought to drive them off valuable land, like nearly everyone else.

Then there was the slavery issue. Opposition to slavery was not 'abolishionism' per se, but rather was a non-political sentiment rooted in Christian views of many different people.

Then there was the era of American colonial expansion, starting with the Mexican-American War, the Spanish-American War, and various Marine expeditionary actions in Central and South America against the legitimate governments there. And again, some Americans opposed this war for profit and for raw power, based on their Christian ethics.

On the other hand, the oppressors among the Americans have always used the Christian religion and God and a justification for their selfish grasping at worldly wealth and power.

So it is today that the Zionist Judeo-Christians are forming the main bulwark of popular support of policies and actions that are on their face as bad as any Indian village massacre, slave-breaking torture on an island colony, or Marine's massacre of colonized brown people.

Actually, Zionism has been here all along. It has always been the presumption of some Europeans other than 'Jews' that the Old Testament grants them special status as a 'Chosen People' to whom all that can be conquered is their 'Promised Land.' It may be so deeply ingrained, that to see Gazans as human beings is to question or admit that America was just plain wrong and evil time and again.

In fact I recall the assault by Cromwell's army on Irish cities, where his soldiers were religiously instructed to use Irish children as human shields, and to genocidally destroy the entire population to the last man, woman and child. The warfare was based on the Old Testament commandments to Israel to exterminate the peoples of Canaan.

With such a legacy of un-Christian baby killing in the psyche of the English speaking peoples, is it not easier for them to simply soldier on unto the death of the last baby of the last resistor to their sovereign, and call this courage and fortitude? Is this not easier than facing the past in the light that there never has been any right granted by God to take what was taken and do what was done?

Just like the Jews, the Judeo-Christians are stiff-necked, stubborn, and hard-hearted. They seem impervious to the pleas of the meek for mercy. They seem to believe that 'the end justifies the means', but only when ordained by God, which of course their enemies can't be.

And in the end they seem to believe that they don't have any major sins to repent for. Just like with the pathological liar, not even one thing can be admitted to, or the whole carefully constructed facade of appearances is mortally threatened.

And what is this magical thing that makes Judeo-Christians the legal equivalent of God's Israel of the Old Testament, with all its privileges and immunities? What makes burning an Indian village spiritually the same as the battle of Jherico? Why the Bible, of course! If you have a copy and they don't, then you are clearly liberating their land for the Bible. How simple.

Of course there is one category of people for whom the punishments meted out to heathen savages must look light in comparison. Here I refer to people who already HAVE the Bible, and by subtly twisting its inspired words, try to make the Judeo-Christian Zionist look like he HIMSELF is doing the work of the DEVIL AND NOT GOD. Of course, calling the miracles of God, the work of the devil is the Blasphemy Of The Holy Spirit!

So, we can be assured by this logic that those who are in the wrong about this great work of God are not even forgiven by Jesus Christ himself. So go ahead and enact your most bestial fantasies of macabre rapine and torture on these heretics, the logic goes.

How can the subject of such air-tight brainwashing ever see with the eyes of compassion, that every life is precious to God? Perhaps opening those eyes is truly one of God's miracles.

Everything all the time is exactly on time according to the prophetic word. Since I belong to the Spiritual Kingdom Jesus taught that is not of the world of man, this world, or worldly things & prophecy states things will get worse upon the earth then that is what will happen.

I just pay my bills, & meet at friend's residences to discuss Jesus's teachings & prophecy.

No reason to fear in the flesh at all over this world as Jesus's Kingdom is not of this world.

All one has to do is reject a Literal Mark of the Beast should that come in their lifetime.

Up to corrupt politicians, business people, false teachers, false prophets, & wolves in sheeps clothing to repent, and up to the individual as Jesus said see you are deceived by no man.

The Transfer Agreement is Edwin Black's compelling, award-winning story of a negotiated arrangement in 1933 between Zionist organizations and the Nazis to transfer some 50,000 Jews, and \$100 million of their assets, to Jewish Palestine in exchange for stopping the worldwide Jewish-led boycott threatening to topple the Hitler regime in its first year.

This updated edition includes the author's stunning new introduction and a powerful new afterword by Anti-Defamation League national director Abraham H. Foxman.

I believe that best way for America and every country to become oil independent is through the development of nuclear energy. It is much safer now than most are led to believe. I think most anti nuclear propaganda can be traced back to the oligarchical owners of the oil industry.

Nuclear energy can also be use for desalination, the removal of salt from water, which is one of the worlds other biggest current needs.

We need to start building hundreds of nuclear power plants world wide right now and eventually develop nuclear fusion. I believe that these things are human destiny.

Dear Ahmedinajacket,

The REAL underlying geo-political truth regarding (pre-Bush War) IRAQ, IRAN and NORTH KOREA is that all three countries have (had in the case of Iraq) their own INDEPENDENT Central Banks!

The European nations - for all that they and their leader say and do - are all SUBSERVIANT and 'PUBLIC SERVANTS' of the private owners of the EU's Central Bank.

The same holds true or the 50 'Indepedent and Sovereign' STATES of the United States of America. ALL U.S. Federal GOVERNMENT officials along with the FIFTY State Governors and FIFTY State Governments of the 'United States of America' are all simply SELECTED/PROMOTED 'public servants' of the Central Bank of the USA - it don't matter one iota whether they are Democrats or Republicans.

Why, the ONLY reason what there is this 'Two Party System' here in the USA - those Two Parties being either Democratic or Republican is BECAUSE both the Democratic and Republican Parties back in 1913 A.D. "Sold Out" generation upon generation of private U.S. citizen and their Sovereign Social Contract known as 'The Constitution of the United States of America' to the PRIVATE OWNERS of the U.S. Central Bank which is commonly refered to as 'The Federal Reserve Bank'.

The Federal Reserve Bank is neither FEDERAL nor does it have RESERVES.

So the PRIVATE FAMILY OWNERS of the Central Banks of Europe (now the 'EU') as well as these United States of America USE the political powers, the natural resource and the human beings of their respective psuedo-sovereign nations to further the Global Plans and Agendas of the handful of PRIVATE OWNERS/FAMILIES of the EU's and USA's Central Banks.

When Iraq fully agrees to PERPETUALLY ACCEPT fiat currency Federal Reserve Notes in exchange for its oil, IRAQ will be given and granted 'peace'.

When Afghanistan FINALLY agrees to PERPETUALLY ACCEPT fiat currency Federal Reserve Notes in exchange for OIL pipeline right-of-ways, then AFGHANISTAN will be given and granted 'peace'.

And on and on and on it goes with our World. So as long as the PRIVATE OWNERS of the

Federal Reserve Bank control the currency of the USA, the USA will be called upon over and over and over by the Democrats or the Republicans to go WAGE WAR with some other nation-state in order to FORCE IT to accept FedResNotes OR as well as in order to obtain the other nation's natural resources such as OIL and MINERALS as well as their human population's SLAVE LABOR to make marketable and profitable "products" for the Worlds' Market Places.

excerpt:

"This was the sign the Jewish world has been waiting for," said Ronald Lauder, president of the World Jewish Congress.

Yes, this is the sign the Jewish world has been waiting for, but what exactly does this "sign" really mean? It means that in the post-Vatican II Church, the "Shoah" has replaced the Crucifixion as the central event in history. And do you notice the subtle switcheroo here? Now, instead of the central tenet of the Christian faith pertaining to the murder of the Christ by Jews, the new central tenet refers to the murder of Jews by Christians! This should come as no surprise to those who understand what really lies at the heart of the problem. At its core, this is a spiritual battle that's being waged above our heads. It's Christ vs. anti-Christ, and each of us must choose a side.

Lucifer wanted to be equal to God and out of pride refused to accept being a servant. When he uttered his famous "non servium" he took a third of the angels with him and set about waging war against God. When God sent His Son to redeem the world, Lucifer tried to prevent it. He took Jesus to the mountain top and tempted Him, saying "if you just bow down and worship me, I will give you all these things." Jesus told the devil to buzz off. The Jews who rejected Jesus as the Messiah did so out of racial pride and ambition. They wanted an earthly kingdom where they would always be the 'Chosen Ones' and did not want to share a kingdom with the gentiles. But Jesus emphatically said that His kingdom was not of this world and to share the good news with the gentiles. The Jews who accepted the Messiah became the first Christians, and those who rejected Him fell into spiritual blindness. Satan takes advantage of Jewish hatred of Jesus and uses them to battle against the Church of Christ. The Jews continue to wait for a worldly Messiah, but the Messiah they await is known to us as the anti-Christ. Therefore, all Christians must love and pray for the Jewish people to accept Christ as the Messiah, thereby snatching them from the jaws of Satan, whom they don't realize they are serving.

Dear Brother,

Thanks for your very well done and logically (professionally) written article. Yes, the up coming future is threaten by wars for natural resources, especially oil and gas. And when we put in the picture Russia, which is first in the world in gas supplies and with large oil wells we can understand the meaning of the article below...

Kyrgyzstan shuts down an important US military base and Russia and Belarus Kazakhstan, Kyrgyzstan, Tajikistan and Uzbekistan are getting together, creating a joint defence system like in the old times of USSR. I read that there is possibility, in the next several years, more former USSR countries to join this organisation...

"Russia and the former Soviet republics of Armenia, Belarus, Kazakhstan, Kyrgyzstan,

Tajikistan and Uzbekistan – the so-called Collective Security Treaty Organisation (CSTO) – have agreed to form a “rapid reaction force” which is intended to be just as good as the equivalent force operated by the Nato alliance, according to President Medvedev.”
